Our Garden Art Fence and Gate RFQ

NOAH invites artists to forward qualifications for the Our Garden Art Fence project. Funding for the project has been provided by Fund for the Arts, a restricted fund of the New England Foundation for the Arts. The Urban Arts Institute at Massachusetts College of Art and Design is facilitating the artist selection process. NOAH, the Neighborhood of Affordable Housing, is an East Boston community development corporation. The design fee for the entire project from proposal through implementation phase is \$8,000. The anticipated Phase 2 all-inclusive fabrication and installation budget is projected at \$30,000. The work will include a number of workshops with youth from the Umana Middle School, Noah's E3C program, and interested community members. The final project budget will be determined. This project is open to all artists/designers residing in the Greater Boston Area. Artists with experience working with public art, community involvement processes, and environmental justice themes are encouraged to apply. Applicants are expected to work with youth.

Satiric Insights in the Art of Calvin Burnett 1981-1993

Calvin Burnett used irony and wit to comment on racism in American society, pointing out its irrationality as well as ways in which it undermined personal relationships. Through notes written within the pictures, he interrogated the status quo and expressed his critical perspectives regarding unjust social practices. At the same time, his art- with its rich

Combination of painting, drawing, collage and repeated motifs- reveals a consummate mastery of visual language in all its complexity.

William Christenberry: Photographs 1961 - 2005

Since the early 1960's William Christenberry has plumbed the regional identity of the American South, photographing real things in the real world-ramshackle buildings, weathered commercial signs, lonely bad roads, rusted-out cars, whitewash churches, and decorated graves. Although the focus of his work is regional, it touches on universal themes relating to family, culture, nature, spirituality and aging.

Teen Take-overs & Family Forums at Wheelock Family Theatre

The Teen Take-Over package invites your teen to a pre-show drama workshop with one of WFT's professional teaching artists that explores the major dilemmas of the play. Are exceptional people doomed to be destroyed by society? Under what circumstances is it acceptable to defy authority? Is capital punishment "just"? Do we consider it possible for women to be leaders of men? The Adult Forums bring together parents, teachers, and interested adults to explore how the shared experience of theater can be a springboard for discussion with teens. The discussion will be facilitated by a WFT staff member and an expert in adolescent issues, and will focus on a central theme from the play; a young woman who stands up for what she believes in, despite the risks and consequences.
